mechanisms of ageing and development

Volume contents

Volume 84 (1995)

Renin gene expression in the aging kidney: effect of sodium restriction
B. Corman, M.B. Barrault, C. Klingler, A.M. Houot, J.B. Michel, R. Della Bruna, F. Pinet, F. Soubrier (Gif-sur-Yvette, Paris, France) 1

Altered regulation of pituitary luteinizing hormone secretion by GnRH and inhibin in the aged persistent-estrous female rat
M.H. Jih, T.-C.J. Wu (Los Angeles, CA) 15

Vitamin A incorporation into lipofuscin-like inclusions in the retinal pigment epithelium
M.L. Katz, C.-L. Gao (Columbia, MO) 29

Age-related enhancement of tumor necrosis factor (TNF) production in mice
D. Han, T. Hosokawa, A. Aoike, K. Kawai (Kyoto, Osaka, Japan) 39

Contents of D-lactate and its related metabolites as well as enzyme activities in the liver, muscle and blood plasma of aging rats
M. Kawase, C. Kondoh, S. Matsumoto, M. Teshigawara, Y. Chisaka, M. Higashiura, K. Nakata, S. Ohmori (Okayama, Japan) 55

Alterations of superoxide dismutase iso-enzyme activity, content, and mRNA expression with aging in rat skeletal muscle
S. Oh-Ishi, T. Kizaki, H. Yamashita, N. Nagata, K. Suzuki, N. Taniguchi, H. Ohno (Tokorozawa, Osaka, Japan) 65

Depletion of cytosolic GSH decreases the ATP levels and viability of synaptosomes from aged mice but not from young mice
M. Martínez, M.L. Ferrándiz, A. Díez, J. Miquel (Alicante, Valencia, Spain) 77

Optimal physical performance in athletes: key roles of dopamine in a specific neuro-transmitter/hormonal mechanism
C. Gilbert (Larnaca, Cyprus) 83

Carnitine-acylcarnitine translocase activity in cardiac mitochondria from aged rats: the effect of acetyl-L-carnitine
G. Paradies, F.M. Ruggiero, G. Petrosillo, M.N. Gadaleta, E. Quagliariello (Bari, Italy) 103

Cytokine production and lymphocyte subpopulations in aged humans. An assessment during nocturnal sleep
J. Born, D. Uthgenannt, C. Dodt, D. Nünninghoff, E. Ringvolt, T. Wagner, H.-L. Fehm (Lübeck, Germany) 113
Both T- and K-kininogens increase in the serum of old rats but by different mechanisms
F. Sierra (Philadelphia, PA). 127
Lack of major changes in ATPase activity in mitochondria from liver, heart, and skeletal muscle of rats upon ageing
S. Barogi, A. Baracca, G.P. Castelli, C. Bovina, G. Formiggini, M. Marchetti, G. Solaini, G. Lenaz (Pisa, Italy). 139
Lysosomal enzyme activity in rat adrenal gland related to the postnatal development
R.A. Bianchi, T. Fogal, F. Bertini, M.A. Sosa (Mendoza, Argentina) 151
Effects of age and endurance training on β-adrenergic receptor characteristics in Fischer 344 rats
R.S. Mazzeo, D.A. Podolin, V. Henry (Boulder, CO). 157
Changes in the respiratory chain complexes activities and in the mitochondrial DNA content during ageing in *D. subobscura*
F. Morel, F. Mazet, S. Touraille, S. Alziari (Aubière, France) 171
Structural changes induced by cytidine-5′-diphosphate choline (CDP-choline) chronic treatment in neurosecretory neurons of the supraoptic nucleus of aged CFW-mice
D. Crespo, R. Verduga, C. Fernández-Viadero, M. Megías (Santander, Spain) 183
Post-transcriptional regulation of the Na^+/Ca^{2+} exchanger in aging rat heart
V. Janapati, A. Wu, N. Davis, C.A. Derrico, J. Levengood, J. Schummers, R.A. Colvin (Athens, OH). 195
Localisation and association of pathomorphological changes at the brainstem in Alzheimer's disease
R. Giess, W. Schlote (Frankfurt, Germany) 209
Differential effects of aging on binding sites of the activated NMDA receptor complex in mice
K.R. Magnusson (Fort Collins, CO) 227
